

GEOFF GROSSMAN

WEB DEVELOPER

ABOUT

A web developer with a knack for conceptualizing and delivering accessible, user-friendly solutions effectively and efficiently. As a former Chef used to busy kitchens, being a team player, working under pressure, and delivering on tight deadlines is second nature to me.

SKILLS

- HTML5, CSS3, Sass
- JavaScript, jQuery and React
- Wordpress
- REST APIs and Firebase
- Website design, wireframing
- Version Control (Git)
- Leadership and public speaking

EDUCATION

JUNO COLLEGE OF TECHNOLOGY, 2019

Web Development Certificate, *Apr - Jun*
JavaScript (Part-time), *Jan - Apr*

GEORGE BROWN COLLEGE, 2008 - 2010

Culinary Management Diploma

RECENT PROJECTS

AUTOCOMPLETE | REACT.JS, REST API

Built to meet a client brief as a mob programming project, this 90's themed app utilizes a REST API to provide keyword suggestions to the user.

QUOTE OF THE DAY | JQUERY, REST API

An accessible SPA built with JavaScript and jQuery that returns an affirmation using a REST API.

MOVIE SUGGESTIFIER | JQUERY, API

Utilizing jQuery to manipulate the DOM, movie information is returned through a randomizer function from the MovieDB API based on a user-inputted search term.
